# PERSONAL STATEMENT

After trying on many hats, I accepted the calling I ignored in my earlier days - software development. I love to solve problems and live to develop software. My first job as a Java developer has shaped me in an important way - I understand the software development life cycle, can work under strict time constraints, and thrive in situations laden with uncertainty by forging my own path and completing business objectives.

## EDUCATION

Bachelor of Science, Computer Science and Engineering  
University of Colorado, Denver  
Expected graduation: May 2014  
GPA - 3.842

## TECHNICAL SKILLS

LANGUAGES:     • C++             • Java             • Python             • Jython

TECHNOLOGY:   • JUnit 3.x        • JBoss 4.x        • Apache Ant        • Subversion

                  • Git                • UNIX              • Eclipse Modeling Framework

## RELEVANT EXPERIENCE

ENODIA FINANCIAL TECHNOLOGY  
*Jr. Java Developer*  
June 2012 - Dec 2012

- Developed real-time, server-side financial reporting software for Tradition Asiel Securities as part of Enodia Financial's FIX protocol trading platform in compliance with the DoddFrank Wall Street Reform and Consumer Protection Act.
- Developed trade reporting technologies for the London Stock Exchange's Turquoise trading group under similar requirements as Tradition Asiel Securities.
- Maintained legacy code by providing additional functionality, patching fatal bugs, and redesigning outdated workflow models.
- Java/Jython-based agile workshop focused on test-driven design and iterative development.

## NOTABLE EMPLOYMENT HISTORY

THE UPS STORE  
 ASSISTANT MANAGER  
 OCT 2008 - AUG 2009

- Assistant Manager of the highest volume UPS Store in Colorado.
- Duties include cashiering, telephone reception (incoming and outgoing), management of over 350 mailbox service accounts, sales, solving peoples shipping and packaging needs, insurance claims, a lot of heavy lifting, and numerous specialized tasks.

INFOWORX  
PRODUCTION COORDINATOR

- Assisted in production of five large-scale infomercials and over a dozen smaller Direct Response 1 to 2 minute spots, including iRobot's Roomba robotic vacuum, Lean Bean, Ashley Skin Nutrition, Vibrassage, and Shangrila Multi Brew.
- Conducted product research and created advertising solutions. Managed petty cash, office management, product support, client relations, and in-house IT issues.
